

HADARA

Hadara Short Mat Bowls

Newsletter January 2018

Following the recent committee meeting it was decided that during the Christmas period for the next two years there will be no bowls sessions for that week as session fees against expenditure will be at a loss. This will be reviewed thereafter depending when Christmas Day and Boxing Day fall.

The refreshments for the AGM and Christmas Party have in the past been donated by committee members but it was felt this is unfair and the cost should come from club funds. Last year the costs did come from funds and will do in the future.

If any members have been stewards in the past and still have a key for the equipment cupboard could they please return it to a committee member as soon as possible so that any new stewards can access it.

The Ellenor Coffee Morning will come around before we know it therefore advertising the event will begin very soon.

Hadara arranged a day trip on the 12th October which is the evening of the Annual dinner, details came out in the Hadara January Diary but this event will not take place on that day now so will not have any effect on our evening.

A new kettle has been purchased for members use in the refreshment break.
