A big thank you to all those clubs that put teams into the competition, I had several drop out late in the day, but thanks to 'Snodland Town' assisting by putting a team in at the last minute we managed to make a match of it. Once again it proved to be a very tight finish with the result not being known until the last game had finished. It then came down to the number of **Plus Shots** to decide the winner. I don't know why so many of the regular teams did not bother to enter this year, is this a sign of apathy, members have too much to do and are not bothered with the events that your executive put on for your pleasure?

Anyway I shall give it another go next year and hope that things will get better. Again, many thanks. Tony Mulcuck (Chairman).
