We are told the story of spending a penny from Roman times to the coming of the flush loo. We trace London's lost rivers, tell the story of The Great Stink and see how Victorian engineer Sir Joseph's Bazalgette achieved one of the most remarkable feats of civil engineering ever seen.

On Bazalgette's Victoria Embankment, we board a Thames Pleasure Cruiser to Greenwich.

Please bring a packed lunch to eat during the cruise

From Greenwich our coach will take us to the Cathedral of Sewage at Crossness

The cost of **£50** is inclusive of the coach, morning tea/coffee blue badge guide, Thames cruise and afternoon tea and biscuits
